

PFAFF

quilt expression²⁰⁴⁶

All features at a glance!

Exclusive and only from Pfaff: Unique **antique quilt stitches**.

Automatic tapering!
Sew absolutely precise corners with the quilt expression²⁰⁴⁶.

2 Alphabets!
With quilt expression²⁰⁴⁶ it is easy to personalize your quilts. The 2 alphabets include upper case letters, numbers 0-9 and special characters.
Great for quilt labels!

Ideal for quilting!

- Two original quilt stitches for a special hand-sewn look!
- Eleven unique antique quilt stitches, only from Pfaff!
- **IDT**
Exclusive from Pfaff: Absolutely even fabric feed from both the top and bottom – the Pfaff IDT, Integrated Dual Feed! Several layers, fine fabrics, long seams, everything is fed perfectly and evenly with no slipping. Only Pfaff has the IDT built into the machine.
- Extra-high presser foot clearance, for precise sewing of the thickest, fluffiest quilts.
- Consistently strong needle-piercing power, at any sewing speed.
- Feed dogs can be lowered externally – ideal for free-motion quilting and darning.
- Ergonomic work surface offers lots of room for sewing and better visibility.

Additional sewing features!

- 89 utility and decorative stitches plus 2 alphabets, the right stitch for every sewing idea.
- Easy stitch selection with the program buttons or the program dial.
- The recommended settings are programmed for each stitch and can be adjusted as needed.
- All necessary information for each stitch is displayed in the large, illuminated graphic expression window.
- A complete overview of the available stitches is displayed inside the lid, including the recommended presser foot!
- Extra benefit: The Info button! Instant sewing suggestions for your specific stitch selection, right at your fingertips.
- Save your original design combinations and letter sequences in memories to sew again and again!

Fully automatic!

- Four types of buttonholes! The unique Pfaff “Sensomatic” Buttonhole system creates the same excellent results, no matter what type of fabric you are sewing.
- Sew on buttons!
- Precise tapering! A simple push of a button and the quilt expression²⁰⁴⁶ automatically increases or decreases the stitch width. Sew corners and edges perfectly.
- Repair clothes in no time at all with the automatic darning program.

Extra sewing convenience!

- “Tie off” – tie off thread ends with a simple push of a button.
- “Needle up/down” – stop sewing with the needle in the fabric for easy pivoting.
- “Sew slow” – for those tricky sewing projects that require slower sewing.
- “Pattern mirroring” – for even more decorative options.
- “Permanent reverse” – great for large sewing projects!
- Quick, convenient threading with the integrated needle threader.
- Several needle positions! Accurate topstitching without moving the fabric.
- Hemming sleeves and trousers is even easier with the ultra slim free arm.
- Bobbin winding in seconds! The thread monitor in the illuminated graphic expression window warns you as soon as the bobbin thread is low! Wind the bobbin directly through the needle!
- Sewing with a twin needle? When sewing with two threads, use the included extra spool pin. The illuminated graphic expression window always show which stitches can be stitched with a twin needle.
- “Snap on” – the quick change system for presser feet and needle plates.
- Sewing light for optimal lighting!
- Practical thread cutter!
- Sturdy hard cover prevents damage and protects from dust, with special opening for the electric cord.
